

Eyes

Peter Bjorn And John

I don't wanna make you interested
I just wanna make you the only one
I don't wanna ask myself forever
Why I didn't put myself together
As soon as you appeared into my eyes
I don't wanna lose this
(Don't wanna wait)
Quicker than a kiss
(Not a second too late)
Wrap it like it mattered
(Look what you did)
Being just one step from being well

I don't have any vocabulary
But I hear myself, please go away
Acting like six or seven
But I'm really close to heaven
I don't need to look further than your eyes
I don't wanna lose this
(Don't wanna wait)
Quicker than a kiss
(Not a second too late)
Wrap it like it mattered
(Look what you did)
Being just one step from being well
