Ratchet

Bloc Party.

Who got the beat this time?
Who gonna beat me down?
Tell it, tell it
Who got the beat this time?
Keep it hundredWhatcha' gonna show me fam?
Whatcha gonna show me bro?
That ain't me tho'
You want a word with me?
You want to tell me some?And tell your bitch, to get off my shit
Smoking on that home roll
You know that I keep it on poiseYeah, I could've came out tonight
For a flex and a float
And you know it might
When I get fucked up
When I get half cut
That I make that kind get rowdyHey
Make a scene
Make it real
Make it feel
Hey
Make it loud
Make it proud
Make it count(We go, go ratchet)
(We go, you better watch yourself)
(We go, go ratchet)
(We go, you better watch)I'm-ma let you have your say
But I ain't let you have your way
I'm-ma see I'm-ma
I'm-ma let you have your say
ButLike it, like it or
Sit in a club on this street we own
With two shots and a world of pain
And a, two shots, and aTell your dudes that we get rude
Smoking sour diesel
You know that that shit means somethingSo gimme the rhythm and I'll suffer alone
Givin' you a taste of that ?
Rockin' your world and I jack your phone
And I told them and sayHey
Make a scene

Make it real
Make it feel
Hey
Make it loud
Make it proud
Make it countHey
Make a scene
Make it real
Make it feel
Hey
Make it loud
Make it proud
Make it countI say make it count
I say make it count
I say make it count
And get readyHey
Make a scene
Make it real
Make it feel
Hey
Make it loud
Make it proud
Make it countHey
Make a scene
Make it real
Make it feel
Hey
Make it loud
Make it proud
Make it countI just make it count
And get ready
