

# We Go Home

Adam Cohen

Yeah the radio is on  
But the signal is weak  
We both know this song  
Way down deep Doesn't matter if we talk  
'Cause talk is cheap  
There's so much the eyes say  
That we don't speak I know I know I'm not supposed to think about you  
I know I know act natural around you  
I know I'm not supposed to think of your thirsty rose  
Yeah I know I know Oh oh oh oh oh oh... We both know it's wrong  
But we're just dancers  
We know this song  
We know the answers  
So we both sing  
What we both know  
And when the song is over  
We go home I know I know I'm not supposed to think about you  
I know I know act natural around you  
I know I'm not supposed to think of your thirsty rose  
Yeah I know I know Oh oh oh oh oh oh... I know I'm not supposed to think of your thirsty rose  
I know I'm not supposed to see you when my eyes are closed  
Or run my hands across your skin real slow  
Or think of how we come together and explode I know that when the song is over we go home  
I know that when the song is over we go home  
I know that when the song is over we go home  
I know that when the song is over we go home
