

one fine day

Robbie Williams

I like to reminisce about a time I've never had
A book that no-one read
A film that never made me sad
And you remind of a place I've never been And something no-one said
When I was 17
One fine day
In the middle of the night You'll wake up in it
One fine day
In the middle of the night
But you probably won't admit it Remember when we never struggled through?
A bad time we never had
A love we never fell into
Please don't remind me to forget 'Cause forgiveness is a place
I ain't got used to yet
One fine day
In the middle of the night You'll wake up in it
One fine day
In the middle of the night
But you probably won't admit it All I ever wanted
Was to radiate your home
But I guess it doesn't matter
So come reminisce about a time we didn't have I hear there's a sequel to that film that never made you sad
Don't rewrite my history
'Cause you never really know
How much you didn't mean to me One fine day
In the middle of the night
You'll wake up in it
One fine day In the middle of the night
But you probably won't admit it
