What About Us?

Texas

He came home late from his work one day
Said he wanted some time alone
What about you, what about me, what about love?

I knew I couldnâ€™t take this love heartache
I knew I couldnâ€™t stand it alone
What about you, what about me, what about us?

Aah, I know Iâ€™m special inside
And how I gave you all of my life
And here we go

Iâ€™ve seen it before when I just needed more
Than your touch and here we go
Youâ€™re not a million miles, youâ€™re not a million miles from me

He came home late from his work one day
Said he wanted some time alone
What about you, what about me, what about love?

He came home late and apparantly
He was someone else when he got home
What about you, what about me, what about us?

Aah, I know Iâ€™m special inside
And how I gave you all of my life
And here we go

Iâ€™ve seen it before when I just needed more
Than your touch and here we go
Youâ€™re not a million miles, youâ€™re not a million miles from me

And here we go

Iâ€™ve seen it before when I just needed more
Than your touch and here we go
Youâ€™re not a million miles, youâ€™re not a million miles from me

And here we go

Iâ€™ve seen it before when I just needed more
Than your touch and here we go
Youâ€™re not a million miles, youâ€™re not a million miles from me

And here we go

Iâ€™ve seen it before when I just needed more
Than your touch and here we go
Youâ€™re not a million miles, youâ€™re not a million miles from me

And here we go

Iâ€™ve seen it before when I just needed more
