

The Littlest Rebel

Fall

There's loads of people trying to suss out the scene
Sniffing about and sticking their noses in
(Rebel, rebel, rebel)
But she was the littlest rebel Blue suit with nylon weave, she wears jet black high heels
She throws planks down the well, she's the littlest rebel
(Rebel, rebel, rebel)
But she was the littlest rebel She consigns them all to hell, she's the littlest rebel
Her tormentors jet past in Nissans
She says, are those cars, are those shoes? She consigns them all to hell, she's the littlest rebel
Hips like Shirley Temple, she's the littlest rebel
And she doesn't kiss and tell, she's the littlest rebel
(Rebel, rebel, rebel)
But she was the littlest rebel A sophisticate plays truant, she's the littlest rebel
She doesn't kiss and tell, 'cause she's the littlest, she's the littlest rebel
Well, she's the littlest rebel
(Rebel, rebel, rebel, rebel)
And she was the littlest rebel
