

# (Loneliness Made Me Realize) It's You That I Need

## The Temptations

Oh ho  
Lonely man am I  
Ever since you said goodbye  
Girl I know that I should have woke up  
'Cause it seems now that we broke up  
Your farewell kiss is haunting me  
My two lips cry out constantly Let your heart, let your heart be your guide  
Forget about your foolish pride Starting tomorrow I keep telling myself  
I'm gonna get out and find somebody else  
Somebody that's sweet and kind  
Who will erase you out of my mind  
But tell me how can I find somebody new baby  
When my two arms keep reaching out for you  
And my two lips keep right on repeating  
It's you that I need  
Oh You know that even when I close my eyes to forget you  
I see your face and your memories too  
Girl I've never felt this loneliness before  
And oh girl I just can't take it no more Every night a million tears I shed  
Girl every morning going out of my head  
Just take a good look and you'll see  
What this loneliness is doing to me (It's you that I need) oh ho  
(Don't you know that it you that I need) oh I can't take this loneliness  
(You that I need) oh baby I need you  
(You that I need) oh So a fool I'm gonna be no more  
'Cause I'll soon be knocking knocking on your door  
Gonna get down on my bended knees  
Beggin' please girl come back to me It's you that I need  
Girl it's you that I need Girl take a good look and you'll see  
What this loneliness is doing to me
