Whippin' work it smelling like they dinner rolls

[Verse 1: French Montana] Told that bitch take your shoes off, look dont even argue  
Got your bitch tip-toeing on Italian Marble  
They on that bad batch, too much pork around it

[Hook][Verse 2: Lil Wayne] Wet work, got the kitchen stinking  
We call a undercover, a pig in the blanket  
Uh, lifestyles of the rich and famous  
Shoot you in ya head like Abraham Lincoln  
Stuntin' on them bitches like Birdman  
Roll the weed in white sheets, Ku Klux Klan  
Put it on the scale, watch it do numbers  
Playing with them keys like Stevie Wonder  
All my hoes pretty, all my niggas Brazy  
We sell that white, sell that brown, call it rice and gravy  
Call me Tunechi Lee or dont call me at all

Man fuck all you niggas, PAUSE  
[Hook][Verse 3: 2 Chainz]2 Chainz, that's your best answer  
Cup filled with pink, I'm supporting breast cancer  
I might do that walk for the 5k  
I get paid every time I leave my driveway  
Got yo girl tip-toeing on my marble floors  
Sitting by the pool, jumping off the diving board  
Getting to the money I'mma need a money counter  
So many acres, my neighbors stay in another county  
Ted Dibiase in Versace loafers  
All you talk is shit nigga Halitosis  
Ghosts, I pulled up in that pale thang  
Got a Chanel chain, on top of Chanel chain, on top of Chanel chain, on top of Chanel chain  
GODDAMN!  
[Hook]
