

# Why You Gotta Lie

## Texuz Game

I'm like why, why, why you gotta lie?  
U n bout that life nigga you ain't certified,  
I'm like why, why, why you gotta lie?  
You ain't packing gats nigga, u got alibys,  
I'm like why, why, why you gotta lie?  
You ain't in the trap nigga, workin 9-5  
I'm like why, why, why you gotta lie?  
why you gotta lie?

Speak truth,  
It's less see through,  
Creeping in the shadows I can still see you,  
Nigga really talking like he use these tools,  
Same nigga talkin to them boys in blue,\*whoop

It's cool,  
This the rap they do,  
Words bout as real as the gats they use,  
Bitches bout as real as a silicon boob,  
Lyrics moving way to the back, we lose,

What's true,  
If I can't, spit this shit, from the heart, I'm through,  
Giving me the poison just to inject you,  
I ain't gonna sell it cuz the shit ain't cool,  
You deserve to know that we are struggling too,  
He speaking too real let me turn to track two,  
He bleeding on the paper but the beat too smooth,  
He a lane maker but we live on cruise,

Nigga fuck you,

I'm like why, why, why you gotta lie?  
U n bout that life nigga you ain't certified,  
I'm like why, why, why you gotta lie?  
You ain't packing gats nigga, u got alibys,  
I'm like why, why, why you gotta lie?  
You ain't in the trap nigga, workin 9-5  
I'm like why, why, why you gotta lie?

why you gotta lie?

This me,  
Same TG from upper nawf d,  
Am to the PM Tryna make ends meet,  
Nerd on the track don't pretend to be street,  
Worried cuz I'm black will they pre judge me,  
Look at the game how mo fake can it be?  
I don't want no parts sayin fuck it x3,  
You don't hear da words from a nigga like me,  
Murder likely,

Bumpin gangsta rap from a nigga in tights,  
Stay bustin gats cuz you scared to lose fights,  
Then you stay snitchin given codes over mics,  
Now you wonder why ya girl fuckin with da dikes,  
Rhyme so dirty think it's mixed with da sprite,  
Farewell to ground these words take flight,  
Gas by the pound queue track ignite,  
Thinking that you fuckin with me not quite,  
No fake hoes cuz I do have types,  
Septic flow im da shit no wipes,
