

Fall This Time

Madball

You better think quick, act fast
Before it's time you take another blast
You better think about where you stand
'Cuz it seems, you're on the wrong path So look down, talk down
Now you walk down the same path, blown out
Foolin' yourself, you're not proud
So you lean on me to come down You choose your own fate, but this ain't mine
You've fallen from grace
I won't let you fall this time You choose your own fate, but this ain't mine
You've fallen from grace
I won't let you fall this time Out back to back days, sniffin' gak
Now you're really on the wrong track
Do you really want to come back?
Are you losing yourself and do you want that? Used to look down, talk down
Now you walk down the same path, blown out
Foolin' yourself, you're not proud
So you lean on me to come down You choose your own fate, but this ain't mine
You've fallen from grace
I won't let you fall this time You choose your own fate, but this ain't mine
You've fallen from grace
I won't let you fall this time I fall this time
Fall this time
I fall this time So break it down one time
It's not a necessity
It's just a fantasy and it's too much for me
Too much of anything is not a good thing Fallen and now I plead
Fallen and now I plead
Fallen and now I plead
Fallen and now I plead Fallen and now I plead
Fallen and now I plead
Fallen and now I plead
