The Lord

Sensistar

Play you a songWhat do you get for trying?
Minute you're born, you're dying
Body is six feet down
The Lord said the soul sticks aroundYou can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the Lord
You can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the LordYou think you live on laughter
But you don't know what's after
Singing hallelujah
I can know the masterYou can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the Lord
You can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the Lord, yeahWhen my life is over
Lie in fields of clover
Waiting for my own girl
Living in a new world, yeahWell, you can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the Lord
You can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the LordWhat do you get for trying?
Minute you're born, you're dying
The body is six feet down
The Lord said the soul sticks aroundWell, you can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the Lord
You can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the LordYou can believe what you wanna
But I know what I'm gonna do
I'm gonna believe in the Lord
I'm gonna believe in the Lord
