# Beautiful LIfe- DesirÃ©e Dawson

## DesirÃ©e Dawson

It's a
beautiful world we live
as long as you have a chance to give
new
thoughts to think new feelings to feel
step out of your box I dare you to heal
it's your
beautiful life
just live
don't get stuck on the roadblock of things and greed
it's your
beautiful life don't you care to try something new there's so much there
it's your
beautiful life just live don't get stuck on the roadblock of things and greed
it's your beautiful life don't you care try something new there's so much there
don't be scared, don't be scared and
try something new
don't be scared, don't be scared
and love whatever you do
sit somewhere new and experience will come
if you can't carry a beat well then pick up a drum
if all you do is worry stop and have some fun
put that brief case down and stretch for the sun
it's ok to slow it down
take some time and just breath
breath, lax your clouded mind
it's just what you need
it's your beautiful life just live don't get stuck on the roadblock of things and greed it's your beautiful life don't you care try something new there so much there it's your beautiful life just live don't get stuck on a roadblock of things and greed it's your beautiful life don't you care try something new there's so much there
don't be scared don't be scared and
try something new
don't be scared don't be scared and
happiness will follow you
I know its easy to sit in a cozy chair in your cozy house and I know it gets stuck in the ruts there so hard to break out
but I know being comfortable doesn't always complete you
take control of your life so you might want to feel you
it's your beautiful life just live don't get stuck on the roadblock of things and greed it's your beautiful life don't

you care to try something new there's so much there it's your beautiful life just live don't get stuck on the roadblocks of things and greed it's your beautiful life don't ya care try something new there's some much there
don't be scared don't be scare and love whatever you do
don't be scared don't be scared and happiness will follow you
it's your beautiful life
