Ten Miles Back

The Crystal Method

Here it comes
Here it comes
Here it comesYou're unaware
You keep moving
You're unaware
You keep movingTen nervous miles back
You're unaware
Ten nervous miles back
You're unaware
There you goYou're unaware
You keep moving
You're unaware
You keep movingHere it comesYou're unaware
You keep moving
You're unaware
You keep movingTen nervous miles back
You're unaware
Ten nervous miles back
You're unaware
You keep moving
You keep movingThere you goYou're too great for my eyes
You're too great for my eyes
Such a nervous mistake of mine
You're too great for my eyes
Such a nervous mistake of mine
You're too great for my eyes
Such a nervous mistake of mine
You're too great for my eyesTen nervous miles back
You're unaware
Ten nervous miles back
Ten nervous miles back
Ten nervous miles back
You keep movingHere it comesThere you go
