Crime Pays

Wank

cold blood runs through my veins
old mud creeps in my brain
insane, at least when i get crossed
refrain, you don't know the cost
enforcement is my specialty
you wanna dance with me
you want a tragedy
i'll give you misery
crime pays-crime pays
tell me
what goes inside
'cause this bomb's built for genocide
destroy everything in sight
kill boy you've got the right
enforcement is my specialty
you wanna dance with me
you want a tragedy
i'll give you misery
crime pays-crime pays
nobody's bustin me
one day i think you'll see
i'll be forever free
crime pays
nobody's bustin me
one day i think you'll see
i'll be forever free
crime pays
yeah, nobody's bustin me
oneday i think you'll see
i'll be forever free
crime pays (2x)
whoa whoa whoa crime pays (2x)
