# Invincible Force

## Destruction

I'm an invincible force of evil
My eternal hatred is destructive
There's no chance to survive
I incarnate the end of mankindI'm in crest of human flesh
And I agonize in a pool of blood
Don't try to escape or resist
'Cause Christ won't help you tonightInvincible force
Invincible forceYou break down the morass
Turn and see them blood stained claws
I tear the shreds out of your face
Now you will curse your day of birthYou agonize in a pool of blood
You scream out and beg for mercy
Don't try to escape or resist
'Cause Christ won't help you tonightInvincible force
Invincible force
