

Your Great Love

Bellarive

In the darkness
In the pain
Hope is rising
Hope is rising King of David
Give us faith
And come reminds us
Come remind our hearts Your great love has won
This can never be undone
By your grace in blood
You have sealed the light in us
We are Yours
We are Yours Touch the broken
Heal the lame
Walk on water
Walk on water
King of glory
Power to save
Breath in over
Breath in over us Your great love has won
This can never be undone
By Your grace in blood
You have sealed the light in us
We are Yours We will sing to You forever
We will sing to You forever
We will sing to Your forever everyday x4 Your great love has won
This can never be undone
By Your grace in blood
You have sealed the light in us x2 You have sealed the light in us
We are Yours
We are Yours
