

# I Will Never

## Dream Evil

A fever is burning inside of me  
Deeper, I'm drifting into a sleep  
I'm falling over the edge of the world  
I'm screaming in vain 'cause my voice can't be heard  
Is this the end of being, the end of all time?  
It comes to us all no matter who you are  
I'm bleeding, dripping my life away  
My demons, came back to haunt me at last  
I'm feeding, consuming my terminal breath  
Gliding, is this a dream or my death?  
Is this the end of being, the end of all time?  
It comes to us all no matter who you are  
Lying awake at night  
Gazing into a candlelight  
Watching the morning sun  
I will never be the one  
So cold in the autumn rain  
Dreaming of life without this pain  
A dream of the warming sun  
But I will never be the one
