Merry Go Round

Edith Frost

I went out to walk
At the end of the night
Away from the people
And out of their sight
Went out to the water
And out in the air
I wanted to see you
Imagined you there
...we go round
Merry go round
Merry go round
Merry go roundI wanted to see you
Imagined you there
With that look in your eyes
And the wind in your hair
Away from the others
And out in the air
I wanted to see you
Imagined you there
...we go round and around
Merry go round and around
Merry go round
And the damn thing never stopsMerry go round
Merry go round
Merry go round
Merry go roundI waited for you
As the moon looked on
And the wind cried its heart out
On finding you gone
Just wandering aimlessly
Knowing not where
And foolishly hoping
You'd follow me there
...we go round and around
Merry go round and around
Merry go round
And the damn thing never stopsMerry go round and around
Merry go round and around
Merry go round

And the damn thing never stops
