

So Long so Tired

Vic and Gab

Some days I hardly notice
How good we have pretending down
Some nights I barely catch
The silence when no one is around
Its been so long
Don't act so well
Tell me what I do wrong
Say it loud
So we can move on
Some days I hardly notice
How fake we act to keep control
Some nights I hardly sleep
Plotting ways to keep you mad at me
Its been so long
Don't act so well
Tell me all I do wrong
Say it loud
So we can move on
I'm tired, I'm tired of waking up, tired
I'm tired, I'm tired of waking up by you
I'm tired, I'm tired of waking up, tired
I'm tired, I'm tired of waking up by you
Its been so long
Don't act so well
Tell me all I do wrong
Say it loud
So we can move on
