Try

CeCe Peniston

CHORUS:
Come on baby try and love me
The way that you used to
Come on baby try and love me
If you love me let me know it
Baby I really need you
Come on baby try and love meWe used to talk it out
Whenever there was doubt
Whatever we were feeling
But lately you've been changin'
I'm feelin' kind of strange
Just like I don't even know youIs it that you're looking for another love?
Could it be that you have given up on us?
Just before you walk away and close the door
Just take the time and hear what I'm feelin'CHORUSWe don't communicate
You have run out of patience
Why am I always chasin'?
You won't admit you're wrong
You let your feelings roam
How could it be that you are always right?It's getting so hard for me to trust you
Even though you say the words I love you
Seems to be so much distance between us
Just take the time and hear what I'm feelin'You used to walk me in the park
You used to hold my hand
You used to tell me that you missed me
You were my man
We were inseperable
Nothing could tear us apart
Tell me what is goin' on
Am I in your plans?
Try and love me, try and love me
