Love You To Death

íƒœì–‘ (Taeyang)

I love you to the sky
And back and down again
I love you like a lightning storm
On a holiday
And people just fly
And never say goodbye
I love you alive
I love you to death
I'm like a woman possessed
I'm suffocating from this
Becomes a way of life
I love you to death
Feels like my heart has spent me
Your my addiction, baby
When I take my last breath
I love you to death
I love you till I find
Where the sky meets the sea
I love you like I'm blind
And I'm lost on a dead end street
People just die
And never say goodbye
I love you alive
I love you to death
I'm like a woman possessed
I'm suffocating from this
Becomes a way of life
I love you to death
Feels like my heart has spent me
Your my addiction, baby
When I take my last breath
I love you to death
When I take my last breath
I love you to death
I don't know why I love you
It's something that I just do
I don't really want to
But God, I really love you
Don't know why I love you

It's something that I just do
I don't really want to
But God, I really love you
I'm like a woman possessed
I'm suffocating from this
Becomes a way of life
I love you to death
Feels like my heart has spent me
Your my addiction, baby
When I take my last breath
I love you to death
When I take my last breath
I love you to death
I don't know why I love you
It's something that I just do
I don't really want to
But God, I really love you
I don't know why I love you
It's something that I just do
I don't really want to
But God, I really love you
I don't really want to
But God, I really love you
