Heavy Metal Kids

Utopia

It's like a normal Times Square day on 42nd Street
I feel like trashing some windows and crunching some feet
I watch society crumble and I just laugh
They soon will see what it's like to be the other halfBut I'm trying
Said, I'm trying to forget
And it ain't happened yet
No, it ain't happened yetI musta woke up this morning with a bug up my ass
I think I'll just haul off and belt the next jerk that I pass
My old man says I'm just a stoned little punk
But he keeps himself a pistol and he's always drunkBut I'm trying
Said, I'm trying to forget
And I'm trying to forget
And it ain't happened yetI know something's gonna give pretty soon
I know it, something's gonna give
Gonna give, gonna give, gonna giveI wanna live
I wanna mess this whole world around
I wanna live
I wanna mess this whole world
Mess this whole world aroundGo on and poison all the water, use up all the air
Blow your stupid heads off, see if I could care
Put me down but don't blame me for what you did
'Cause inside everyone is a heavy metal kidI was a sweet little kid once, now, I'm a full grown crank
And when I die, I'll probably come back as a Sherman tank
I know that I could make this world so peaceful and calm
If I could only get my hands on a hydrogen bombBut I'm trying
Said, I'm trying to forget
Said, I'm trying to forget
And it ain't happened yetI know something's gonna give pretty soon
I know it, something's gonna give
Gonna give, gonna give, gonna giveI wanna live
I wanna mess this whole world around
I wanna live
I wanna mess this whole world
Mess this whole world aroundGo on and poison all the water, use up all the air
Blow your stupid heads off, see if I could care
Put me down but don't blame me for what you did
'Cause inside everyone is a heavy metal kid
