

Dragnet Drag

Peter Murphy

Look at them now, look at them do
Look they found the dove their vastness too
Whirlpools whirl and dragnets drag
Whirlpools whirl and dragnets drag Love me do, oh love me do
Love me find the dove
This vastness sings a pretty song
This vastness must be love Give me three the gift of one
Whose science can't describe
Whose eyes are peeled like atom bombs
Their spirit is the prize The Sufi three winged flight they soar
All sacral join all hearts
A cavern gasps a dragon screams
The jinn men smash the ark Four guides float four dots of God
Realistic haqq is theirs
Mystic men whose eyes are sore
From trials of bigger lairs Look at them now, look at them do
Look they found the dove, their triad song too A gray surprise swirls below
They could be happy too the ideas of march
Whirlpools whirl and dragnets drag
Whirlpools whirl and dragnets drag Whirlpools whirl, dragnets drag
Hell is not the fire
Hell is your belief
In yourself as the higher Four guides afloat, four dots of God
Look they found the dove their triad song too Whirlpools whirl, dragnets drag
Hell is not the fire
Hell is your belief
In yourself as the higher
