

Cute As A Bug

Lyle Lovett

Interstate 610, Highway 45
A sun-drunk redneck barely left me alive
That's when I saw her, singin' and laughin'
Tryin' to pass me in a Volkswagen
She's as cute as a bug, short as a minute
She's a pretty little package with everything in it
Mister, I've said enough to praise God above
I'm crazy in love, she's as cute as a bug
Playin' at the rodeo, lots of people I don't know
Better ask around, I guess and try to stay behind this mess
Mister, have you seen that car? Blowing like a hurricane
I hope she hadn't gone too far, I don't even know her name
But she's as cute as a bug, short as a minute
She's a pretty little package with everything in it
Mister, I've said enough to praise God above
I'm a crazy in love, she's as cute as a bug
Heading up north, I will come through Huntsville
Trinity and Palestine, I'm going back to Tennessee
Lookin' through my windshield, and I can still see her

Man, I've got a bad case of Volkswagen fever
She's as cute as a bug, short as a minute
She's a pretty little package with everything in it
Mister, I've said enough to praise God above
I'm crazy in love, she's as cute as a bug
Cute as a bug, short as a minute
She's a pretty little package with everything in it
Mister, I've said enough to praise God above
I'm crazy in love, she's as cute as a bug
She's as cute as a bug, short as a minute
She's a pretty little package with everything in it
Mister, I've said enough to praise God above
I'm crazy in love
She's as cute as a bug, short as a minute
She's a pretty little package with everything in it
Mister, I've said enough to praise God above
I'm crazy in love, she's as cute as a bug
