Lighthouse

Patrick Watson

Leave a lighthouse in the wild,
Cause I'm coming in
A little blind
Dreamer of a lighthouse in the woods
Shining a little light to bring us back home
Or To help us get back into the worldWhen to find you in the backyard,
Hiding on the ceilings of our lives OR Hiding behind all, all busy lives
Dreaming of a light house in the woods
To help us get back into the worldCause I know
I've seen you before
Won't you shine
A little light
On us nowWon't you shine a little light
In your own backyard
Won't you shine a little light
In your own backyardDreaming of a lighthouse in the woods
Dreaming of a lighthouse in the woods
