

Lo

BASECAMP

Fifty
Eight
Years

SpentRunning in a circleStill I'm not far behind youHe was such a nice man but he talked too muchWhile I was

trying to find youI only slept three hours

I should've done moreThen the call came thru

Pinned me to the floorI don't know how to swallow it

No

This fucked up and bottomless

HoleThe crater that you left inside my heart

My heartI never think I'll understandWhy you couldn't stick around

ManI just want to know that I'll see you again

Sweet friendI remember restless storms

And the smell of your perfumeAnd all that we said hung thick

Like a smoke inside the roomI try to keep the picture still

But it's leaking out the back of my headI try to hold the picture still

Keeps

Leaking

Out the

Back of

My headI don't know how to swallow it

NoThis fucked up and bottomless

HoleThe crater that you left inside my heartI never think I'll understandWhy you couldn't stick around

ManI just want to know that I'll see you again

Sweet friendI just want to know that I'll see you again

Sweet friendI just want to know that I'll see you again

Sweet friendI just want to know that I'll see you again

Sweet friendI just want to know that I'll see you again...I know that I'll see you again
