

# Missing You

## Johnny Orlando

What's good with you girl?  
What have you been up to lately?  
Saw you with another guy  
I'm just observing, no hatin  
Tell me does he treat you right, or are you fakin that you're in love again or is this just pretend  
Just come on girl  
Just be honest with yourself  
Have some fun girl, cause you don't need nobody else  
Just come on girl, just give me another chance  
Have some fun girl  
I was meant to be in there  
I never stop missing you  
Baby you should know  
I wish I was kissing you  
Not really listenin through my phone  
And all day long you got me daydreamin  
Cause I never stop missing you  
But I feel like I'm losing you I just dont see it no I don't blame  
Why you keep dressin these liars?  
Let me just take you out on a date  
Maybe well rekindle the fire  
Girl I know what you like  
We have been over this  
Just give me one more dance, then I will call it quits  
Just come on girl  
Cause I just wanna dance with you  
Have some fun girl  
Oh it's about to happen, girl just let it happen  
I never stop missing you  
Baby you should know  
I wish I was kissing you  
Not really listenin through my phone  
And all day long you got me daydreamin  
Cause I never stop missing you  
But I feel like I'm losing you (You) You just been all in my mind (In my mind)  
Send you to prison, girl you doin time in my head  
I lie awake in the bed  
Tryna count sheep but I see you instead  
Can't get away from you  
Nothing you sayin you  
I wasn't lovin ya  
This was a game to you  
Your loss, I got me a new girl and money to floss

(Baby) No coming back  
Do what you do, girl I know what you thinkin but here is the truth (Aye) (...Truth.truth.truth)

Hey there girl

Na I ain't missing you!!I never stop missing you

Baby you should know

I wish I was kissing you

Not really listenin through my phone

And all day long you got me daydreamin

Cause I never stop missing you

But I feel like I'm losing you(Ohhhhhh)I never stop missing you

Baby you should know

I wish I was kissing you

Not really listenin through my phone

And all day long you got me daydreamin

Cause I never stop missing you

But I feel like I'm losing you
