

Mr. Hyde's Gone (Don't Be Afraid)

John Lennon

Don't be afraid
It's just the wind and light
Don't be afraid
This house is very strangeIn the morning we'll be gone, don't be afraid
We'll watch the dawn till the sun comes up
Drinking coffee from our favorite cup
Girl, you've been good to me, so don't be afraid tonightDon't be afraid
It's just the cats at play
Don't be afraid
They do it night and day, very strangeThey've gone by the morning, so don't be afraid of me
We'll dream around till the dawn comes up
Drinking coffee from our favorite cup
Girl, you've been good to me, don't be afraid tonightDon't be afraid
Don't be afraid
Don't be afraidMr. Hyde, he's really gone away
Won't be back till next full moon
So we can bill and spoon
In June and croon, bewoon, bewoon, be
Can you stand it?
