

Let's Roll (feat. Blaktroniks)

Parov Stelar

Ya'll know where the party at
I pick 'em up layin money back
If she can hear it in the back of my cab
Go anywhere I go when I hit the ave
Nah baby, don't ride the bus
It's all goin' down when they win with us
Don't trip, never make a fuss
If you do, it ain't safe, it ain't dangerous Let's roll (whoo)
Get into my car
Then go
Every girl wants to be a star
Fo' sho
You know you are
Just hop in the ride and go far far far
(oh babe)
'cuz it only take two
Let's roll (whoo)
Get into my car
Then go
Every girl wants to be a star
Fo' sho
You know you are
Just hop in the ride and go far far far
(oh babe)
Let's roll
'cuz it only take two
(oh babe)
Let's roll
Too many guys act scandalous
So many girls need management
Girl, I make sure you get the minimum wage
I set you up well, help you get paid
The rope on your leg straight too pour cold
Then upgrade later once we hit the road
I'm a man with a dream
Got to have team
Spirit with a smile
Look good in jeans(whoo)
You know how it works

If you like to flirt (whoo)
Come onLet's roll (whoo)
Get into my car
Then go
Every girl wants to be a star
Fo' sho
You know you are
Just hop in the ride and go far far far
(oh babe)
'cuz it only take twoOh babe
Oh babe
Oh babe
Oh babe
Oh babe
Oh babeToo many guys act scandalous
So many girls need management
Girl, I make sure you get the minimum wage
I set you up well, help you get paid
The rope on your leg straight too pour cold
Then upgrade later once we hit the road
I'm a man with a dream
Got to have team
Spirit with a smile
Look good in jeansYou know how it works
If you like to flirt
Come on
