

# Thinking Of You (LP Version)

## Fanny

You, thinking of you  
Afraid to make you mine, and cross the line  
It's fine, being with you  
I need you more each day, in every way  
I do  
What can I say?  
I want to run the other way  
Lovin's such a game I've been here before  
But I keep rushing back, wanting more and more  
Fanning the flame  
I wonder how we meet, as I forget your name  
What can I do?  
I need to more love than I need you  
Lovin's such a game Right or wrong, it's beautiful  
To laugh and love and feel this way  
Take it any way  
Take it any way -  
Thinking of you You, thinking of you  
Dancing through the day in that special way  
You do leave me with more  
Than I've ever felt or given up before  
What can I say?  
I want to run the other way  
Lovin's such a game  
Lovin's such a game  
Thinking of you
