

# Beautiful

Bill Medley

You danced into my heart  
Like sunshine on the water  
You made my world a better place to be  
And where ever I may go  
On this crazy road called life  
I'll always keep a piece of you with me Beautiful  
Beautiful  
Angels before wings  
Who touched my soul  
And forever will  
Make my dreams more beautiful  
It wasn't always perfect  
But my love was, was always true  
And what we made will echo through the years  
And the hope of edens comfort  
Fills my each tomorrow  
Somehow I found a rainbow in my tears Beautiful  
Beautiful  
Angels before wings  
Who touched my soul  
And forever will  
Make my dreams more beautiful  
Yes who touched my soul  
And forever will  
Make my dreams more beautiful  
La, la, la, hmm Make my dreams more beautiful
