

# All The Hopes

orange yellow red

Another year  
Of nothing new  
A wasted day  
I couldn't do  
And as I live  
Without the dream  
A moments truth  
And so it seems You and I should still believe  
You and I could be so free Another year  
Of something new  
Without this..  
Scenario  
I'm 21  
My bittersweet  
The distant light  
To be so free You and I should still believe  
You and I could be so free
