

# You

Jane Olivor

you are in the one that makes me happy when everything else is gray!  
yours is the voice that wakes me mornings and kicks me out into the day.  
you are the brow that sits quiet, listening to me, and loves what sense i make -  
you are one of the few things worth remembering -  
and since it's all true, how could anyone mean more to me than you?

sorry if sometimes i look past you - there's no one beyond your eyes  
inside my head the wheels are turning and sometimes i look so wide...  
you are my heart and soul - my inspiration - just like the ol' records say -  
you are one of the few things worth remembering -  
and since it's all true, how could anyone mean more to me than you?
