Bombs Away

Paris, Texas

I've got a static aesthetic
Nihilistic prophetic
Everything is a goddamn lieI want to go grab a shovel
So I can dig up the devil
So I can ask him why so I can ask him whyAnd I think I think and therefore I am
Hey man don't you understand
And I think I think and therefore I am
Hey man cant you understandThat I've got the power to ruin revolution
Hey hey I say bombs away
What would would you say if I say bombs away
And you're not not so notoriousI'm standing up on a mountain telescope
I'm just watching everybody just try try try
I'm gonna reach way up high so I can pull down the sky
So I can ask him why so I can ask him whyAnd I think I think and therefore I am
Hey man don't you understand
And I think I think and therefore I am
Hey man cant you understandThat I've got the power to ruin revolution
Hey hey I say bombs away
What would would you say if I say bombs awayI know I know I start with the finger
And move to the fist
'cause you're the first person
That I'll cross off my list
I start (I know) with the finger (I know) and move to the fist (I know I know I know I know)
And you're the first person
That ill cross off my listI've got a static aesthetic
I've got a static aesthetic
I've got a static aesthetic
I've got a staticI say bombs away
What would would you say if I say bombs awayI've got a static aesthetic
Nihilistic prophetic
Everything is a goddamn lieI want to go grab a shovel
So I can dig up the devil
So I can ask him why so I can ask him whyAnd you're not not so notorious
And you're not not so notorious
