Killer Wolf

Danzig

I'm the wolf, I'm the one you want
I'm the killer wolf, I'm 'onna pound your home
I'm the wolf, howlin' all night
I curl up next to you, when you're all alone
When I go inside your little girl, and I do
When I go inside your little girl
Just one kiss, yes from my lips
Rake your soul, over coals
I'm the wolf, howlin' all night
I'm the king wolf, I put the chill in your bones
I'm the wolf, hunting you down
I ain't no back door wolf, I don't scratch at no doors
When I go inside your little girl, and I will
When I come inside your little girl
Just one kiss, yes from my lips
Rake your soul, over burning coals
Just one touch, from my love
Make you howl, till the sun comes up I'm the wolf
When I go inside your little girl, and I will
When I come inside your little girl
Just one kiss, yes, from my lips
Rake your soul, over burning coals
Just one touch, yes from my love
Make you howl, till the sun comes up
I'm the wolf, howlin' all night
I'm your killer wolf, whatever you want
I'm the wolf, howlin' all night
I'm your wolf
