If I Didn't Have You

Thompson Square

Sometimes it feels like, I'm gonna break
Sometimes this world, gives more than I can take
Sometimes, sunshine gets lost in the rain
And it keeps pouring down
It just keeps coming downThis life would kill me If I didn't have you
I couldn't live without you baby
I wouldn't want to
If you didn't love me so much
I'd never make it through
'Cause this life would kill me
This life would kill me if I didn't have youYou are my heart, every breath I breathe
I'm safe in your arms, you rescue me
When I'm weak, you're strong
If you were gone I don't know where I'd be
You were made for me (You were made for me)
This life would kill me If I didn't have youI couldn't live without you baby
I wouldn't want to
If you didn't love me so much
I'd never make it through
'Cause this life would kill me
This life would kill me if I didn't have you
If you didn't love me so much (If you didn't love me so much)
This life would kill me If I didn't have you (This life would kill me)Couldn't live without you baby
I wouldn't want to
If you didn't love me so much
I'd never make it through
'Cause this life would kill me
This life would kill me if I didn't have you
