

# Cosmonaut

## The Daily News

The KGB is coming,  
I guess I'm just an annoyance to them,  
And all my fellow secret agents,  
Around me,  
Well, Go take me out to the show,  
I'm just standing in a circle,  
Doing nothing while you jump around,  
With your crimson cohort, crimson cohort, Look back, look back, look back to tomorrow,  
You know you'll live to free an empty damn,  
Free is a philosophy, there's no such an anomaly,  
Look back, look back, look back to tomorrow,  
You know you'll live to free an empty damn,  
Free's just a philosophy, there's no such an anomaly, My feet are getting restless,  
I can't get the rest,  
Unless my eyes agree with my sunken chest,  
And I get to sleep til I'm at my best,  
We fly but we are stupid,  
Inside calling me, call it lobotomy,  
When I walk through this place,  
A wastelands all I see,
