

# Back on Me

## Electric Guest

When I take you down  
I don't wanna take you down  
Don't ask why I never been there  
'Cause I don't know, oh no If I close my eyes  
I don't wanna close my eyes  
There are dreams of phantom doorways  
There were dreams of you and me Turn your back on me  
Turn your back on me  
Turn your back on me Will you drag me down  
Will you see just who I am  
Don't have much and never will have  
But I got dreams yeah, yeah Turn your back on me  
Turn your back on me  
Turn your back on me  
Turn your back on me  
Turn your back on me Turn your back on me  
Turn your back on me  
Turn your back on me  
Turn your back on me  
Turn your back on me
