What Is This?

Everlast

What is this, this is Everlast
What is this, this is Everlast
What is this, this is Everlast
What is this, this is Everlast
What is this
Step up while I inject
an overdose of intellect
An overload of my vibrations
Better yet a new sensation
I was lost but then he found me
No corruption dissed around me
I was taken to a higher, level of funkdifia
Where souls of men were burned
They were taught but did not learn
About the righteous laws of God
Who threw the seeds over the side
Takin' roots and tryin' to grow
Though the process might seem slow
Please take heed to my suggestion
Learn the answer to my question
What is this, this is Everlast
What is this, this is Everlast
What is this, this is Everlast
What is this, this is Everlast
What is this
What is this
What is this
What is this
Not speakin' on my physical
My mental or my aura
I'm speakin' on my soul
For the burn would beat you whore
There's no such thing as love
Your life is the hands of the God
So do not treat his righteous laws
With blatant disregard
In order to follow the Lords path
Here is all you must do
Do onto each of your brothers

As you have done to you
This golden rule is all you need
And you will be rewarded
The man that don't will pay the price
And believe me you can't afford it
Because this is Everlast, what is this
What is this, this is Everlast, what is this
What is this, this is Everlast, what is this
What is this, this is Everlast, what is this
What is
What is
What is
This is for the one-two war of over
Who's God is the right one
Can it be the Asian one, the black one
Or the white one
The answer to the question
Really isn't controversial
There is only one God
And His love is universal
If you sit in great redemption
All you need to do is ask Him
Then you will be both prepared
For a life that is Everlasting
So take heed to the word's I'm sayin'
Grab a good book and get hip
To the teachings of the holy Quran
Or the Bible's holy scripture
Because this is Everlast, what is this
What is this, this is Everlast, what is this
What is this, this is Everlast, what is this
What is this, this is Everlast, what is this
This is Everlast, what is this
What is this, this is Everlast, what is this
What is this, this is Everlast, what is this
Who is this, this is Everlast, what is this
What is this, this is Everlast, what is this
What is this, this is Everlast, what is this
What is this, this is Everlast, what is this
What is this, this is Everlast, what is this
What is this, this is Everlast, what is this
What is this, this is Everlast, what is this
