

# D.u.i.

## Teyana Taylor

-Fabolous-

Do you know why I stopped you

With your fine ass?

I was in the cut, you came flying past

Wish the way we met would have been different yo

But you was doing 55 in a 54

So pull over, that ass is too fat

I'll Rodney King that ass til your ass is blue-black

you you and I, I

We a team, high 5

Long time, no me, who you been doing?

I get over excited under your influence

Head in the whip won't blink a eye

Let you swallow but you really shouldn't drink and drive

Got your body swerving,

I'm trying to slow down cause the body curves is

Making me wanna bring it like bottle service

That [woo, woo] got you nervous

-Teyana Taylor-

You might think I'm crazy but I'm serious

I think it's best that you know now

That when I'm with you boy I get this feeling

And I don't wanna slow down

It's so unusual, the doctor can't prescribe the kinda stuff I'm on, It's you.

Oh, it's something beautiful.

Distracted behind the wheel, the way you lose control [for you]

You make me wanna ride and crash into your love, you got me high, oh baby

Another dui, your touch is like a drug you got me high

Intoxicated, I got another dui, a dui, a dui, Oh

A dui, a dui, a dui, i, i, i, i,

Every time you pick me up to ride around

My mind goes into danger zone

Only meant to kiss my lips and I don't wanna stop

My body says go, go

What's gotten into me?

It's like I grabbed a whole bottle of hennessy

And took it to the head, you got me dizzy

Tell my ex boyfriend I DO'd [?unsure of lyrics?]...

Won't let me go, oh no  
You make me ride and crash into your love, you got me high, oh baby  
Another dui, your touch is like a drug you got me high  
Intoxicated, I got another dui, a dui, a dui, whoa,  
Another dui, a dui, a dui, i, i, i, i,  
-Jadakiss-

Strap up, put your belts on [Strap up]  
and you know it's alright, but it felt wrong  
Matter of fact, it felt good and it felt warm  
Like hot wax on your body when it melts on  
I see you into him, what you been doing, huh  
Driving under the influence,  
Like a special vibe that you trying to send to him,  
But you purposely tryna crash into him.  
That's what the love is, that's what the bug is  
That's what the benefits of messing with a thug is  
Yeah, even though we above this, I just hope you got full coverage  
-Teyana-

You make me ride and crash into your love, you got me high, oh baby  
Another dui, your touch is like a drug you got me high  
Intoxicated, I got another dui, a dui, a dui, whoa,  
Another dui, a dui, a dui, i, i, i, i,
