

# Hide Away Folk Family

## They Might Be Giants

Hide away folk family  
Or else someone's gonna get ya  
(Someone's gonna get ya)  
Someone's gonna get ya  
Hide away folk family  
Better hide away  
Better hide away Tippy-toe to the front door, mother  
'Cause there's a guy with a long, long fuse  
And the one thing you can't hide is all the fear you feel inside  
As the fuse is spelling out these words Hide away folk family  
Or else someone's gonna get ya  
(Someone's gonna get ya)  
Someone's gonna get ya  
Hide away folk family  
Better hide away  
Better hide away Tippy-toe to the flat-bed, father  
Because they're pourin' out our gasoline  
And sadly the cross-eyed bear's been put to sleep behind the stairs  
And his shoes are laced with irony Hide away folk family  
Or else someone's gonna get ya  
(Someone's gonna get ya)  
Someone's gonna get ya  
Hide away folk family  
Better hide away  
Better hide away Hello, this is Leslie down  
With the daily home astrology report  
Taurus, contemplate domestic turmoil  
Aquarius, abandon hope for future plans Hide away folk family  
Or else someone's gonna get ya  
(Someone's gonna get ya)  
Someone's gonna get ya  
Hide away folk family  
Better hide away  
Better hide away  
(Hide away) Hide away folk family  
(Folk family, Someone's gonna get ya)  
Someone's gonna get ya  
Hide away  
Hide away
