Today is a new day
Im waving goodbye to yesterday
Im summoning all the good vibes my way
Im basking in the warmth of the sun rays todayCHORUS
La La La its a beautiful day
Things are going my way
Nothingss gonna bring me down
La La La its a beautiful day
And Im singin away
Cuz its a beautiful dayV2
The wind is in my face
I feel so alive being in this place
Surrounded by a positive embrace
Im taking this ride at my own pace todayCHORUS
La La La its a beautiful day
Things are going my way
Nothingss gonna bring me down
La La La its a beautiful day
And Im singin away
Cuz its a beautiful dayBRIDGE
Its a beautiful day
Im attracting all the things I want
Things are going my way
Feeling all my power in the now
Its a beautiful day
Im connected to the source of life
Things are going my way
