One Note

Ikara Colt

I stumbled up to walk straight
I hadn't had a thing to eat
And then I ate a block of chocolate
But then I couldn't sleepShoulders jacked back flat
But what can I ask?
Head down, knees crack
Walkin' outAnd bugs crawl over my couch
And I couldn't even shout out
'Cause they crawled
They crawled in my mouth
I tried in vain to find their homeAnd it's shoulders jacked back flat
But what can I ask
Head down, knees crack
Walkin' outI heed against stage then do it
I plead against state then do itAnd it's shoulders jacked back flat
But what can I ask
Head down, knees crack
Walkin', out
