

# So This Is Love

## Cinderella

Cinderella  
So this is love, hmm  
So this is love  
So this is what makes life divineI'm all aglow, hmm  
And now I know  
The key to all heaven is mineMy heart has wings, hmm  
And I can fly  
I'll touch every star in the sky  
So this is the miracle  
That I've been dreaming ofHmm, hmm  
So this is love
