

Me Without You

Rebecca St. James

{ Here we go
One, two
One, two, three } Like a band without a drummer
That's me without You
Like a year without a summer
That's me without You Like a king without a country
Like a room without a view
Like an empty gun, like a fatherless son
That's me without You Like a ship without a rudder
That's me without You
Like a child without it's mother
That's me without You Like a story with no ending
Like a foot without a shoe
Like a wasted feast, like a faithless priest
That's me without You Me without You
A pitiful sight
Me without You
It ain't never gonna feel right Like a war without an enemy
That's me without You
A disease without a remedy
That's me without You Like a crime without a victim
Like a sleuth without a clue
Like an empty gun, like a fatherless son
That's me without You Me without You
A pitiful sight
Me without You
It ain't never gonna feel right Me without You
A pitiful sight
Me without You
It ain't never gonna feel right Without you
Without you
Without you
...
