Heavy Rotation

Jeje GuitarAddict

I'm on air in a turning motion
And I don't wanna take it slow
Take me there, use your potion
Tell me how you want this to go
Opportunities knockin', baby
Come get it, get it, get it
Tell me how you wanna play
'Cause I'm with it, with it, with it
Tell me what your plan
To put me in it, in it, in it
Don't stop the record, let it keep
Spinnin', spinnin', spinnin', spinnin', spinnin'
Work my body like a record, keep it moving in heavy rotation
Once I get hot, no, don't stop
Watch me like a video, press rewind and let it keep playin'
Playin' in heavy rotation
Tell the DJ, bring it back, bring it back, bring it back
Can you bring it back, back, back
Tell the DJ, bring it back, bring it back, bring it back
Can you bring it back, back, back
Watch me twist like it's contortion
I'm about to be too hot to hold
Boy, don't miss come get your portion
Tune me in like your radio
Opportunities knockin', baby
Come get it, get it, get it
Tell me how you wanna play
'Cause I'm with it, with it, with it

Tell me what your plan
To put me in it, in it, in it
Don't stop the record, let it keep
Spinnin', spinnin', spinnin', spinnin', spinnin'
Work my body like a record, keep it moving in heavy rotation
Once I get hot, no, don't stop
Watch me like a video, press rewind and let it keep playin'
Playin' in heavy rotation
Tell the DJ, bring it back, bring it back, bring it back
Can you bring it back, back, back

Tell the DJ, bring it back, bring it back, bring it back
Can you bring it back, back, back
I'm goin' round and round, I'm getting into you
So hot, can't stop you like to see me move
I know you feel that heat, don't stop my body
Let it keep spinnin', spinnin', spinnin, spinnin', oh
Work my body like a record, keep it moving in heavy rotation
Once I get hot, no, don't stop
Watch me like a video, press rewind and let it keep playin'
Playin' in heavy rotation
Work my body like a record, keep it moving in heavy rotation
Once I get hot, no, don't stop
Watch me like a video, press rewind and let it keep playin'
Playin' in heavy rotation
Tell the DJ, bring it back, bring it back, bring it back
Can you bring it back, back, back
Tell the DJ, bring it back, bring it back, bring it back
Can you bring it back, back, back
