

On The Wings Of Love

Westlife

It's good to know
I'll have your love, which ever way the wind blows
A guiding light
That will shine on though the darkest night
When the world seems like its full of strangers
And I feel as if I've lost my way
You lift me up on the wings of love
Taking me higher still with every touch
Whenever I'm weak, honey
You take me there again
On the wings of love
It's all I need
When you hold me and whisper tenderly
That I'm the one, you'll love forever
What else could I want
Even life where we all go through changes
And when the dreams I have, been swept away
You lift me up on the wings of love
Taking me higher still with every touch
Whenever I'm weak, honey

You take me there again
On the wings of love
Oh
I'm flying high
Its all I need when you hold me close and you whisper tenderly
On the wings on Love
Higher still with ever touch
Whenever I'm weak, honey
You take me there again
On the wings of love
Oh
You lift me up on the wings of love (on the Wings of Love)
Higher still with every turn (Higher still with every turn)
Whenever I'm weak, honey
You take me there again
On the wings of love
(On the wings of Love)
