

Carry Me On

ARC Angels

I can't go on living in yesterday
Why do I long to live in yesterday Find a way to you
Find a way to you
I know only you can carry me on
I know only you can carry me on I can't replace the feelings of yesterday
I can't erase the pain from yesterday I'll find a way to you
I'll find a way to you
I know only you can carry me on
I know only you can carry me on Find a way to you
Find a way to you
I know only you can carry me on
I know only you can carry me on
I know only you can carry me on
I know only you can carry me on, yeah
