

# L.O.V.E.

## Bobby V

In and out the club, night after night  
Still got me lonely every night, lonely every night  
Other side of the bed feels so cold  
When I roll over to the side, over to the side I got two, maybe three, wanna bill me  
It could be you, it could be you  
I don't know, let's go slow, feel the flow  
But do you feel me, do you feel me? Wanna fall in love, love, love  
But I want it to find me, want it to find me  
I really need love, love, love  
So I wait for my baby, wait for my baby 'Cause I really  
L.O.V.E., yeah, L.O.V.E., yeah  
L.O.V.E., yeah  
'Cause I really need, 'cause I really need L.O.V.E., yeah  
L.O.V.E., yeah  
L.O.V.E., yeah  
'Cause I really need, you and me Am I worth with no girl on my side  
It really hurts me deep inside, hurts me deep inside  
But I'ma wait till I find that special one  
That really loves me head to toe and the feelings will draw I got two, maybe three, wanna bill me  
It could be you, it could be you  
I don't know, let's go slow, feel the flow  
But do you feel me, do you feel me? Wanna fall in love, love, love  
But I want it to find me, want it to find me
