Freaky Deaky

Cocknoose

Ass shakin' at a quarter to two
And I'm feelin' you're ready to freak me, freak me
Bodies caught in applause
You could hear us in the bathroom cuttin' up, freaky deaky
I got just what we need Hennessy and some weed
Light the candles up, so freaky
You inspire me with ecstasy
Got me feelin' so freaky deaky
Legs up on my shoulders if you want I'll bend you over
Climb on top of me, it's over, let you ride me, ride me
I'm teach you yoga, let you meet my freaky solider
We might end up on the sofa doin' the nasty, nasty
Girl, if I give you that tongue
Lick you all over be makin' you cum
You tell a friend now she gon' wanna come
That's how Flo Rida be havin 'em sprung
Screamin' all way to the top of your lungs
Scratchin' my back 'cause this dick is the bomb
Tappin' that ass on that Dom P
